SKILLS

- **Languages:** Python, C, C++, Java, JavaScript, , HTML, CSS
- **Tools/Platforms:** Git, GitHub, VS Code, Figma, VirtualBox, Azure RDP, AWS, Linux, Docker
- **Soft Skills:** Problem-Solving, Teamwork, Adaptability, Good communication

EXPERIENCE

Co-founder - Eventviewz Aug' 2025 - Present

- Co-founded a college-focused event management startup; led product and design direction.
- Led UI/UX design for Eventviewz website, ensuring modern layouts and consistent branding.
- Managed on-ground operations: event coverage workflows, coordination with student teams, and content publishing pipelines.
- Scaled Eventviewz to 5,000+ active users and 40,000+ monthly visits within the first year of launch (campus-centric growth).
- Recognized by the university innovation cell for building a scalable event discovery and management platform.

PROJECTS

Portfolio website | [GitHub Link](#) Aug' 2025

- Built a responsive, accessible portfolio to showcase projects and contact information.
- Implemented client-side routing with React Router and mobile-first CSS layout.
- Features: project gallery, live demo links, contact form (client-side validation), and performance optimizations for fast load times.
- **Tech:** HTML, CSS, JavaScript, React.js

Financial Chatbot | [GitHub Link](#) May' 2025

- Developed an interactive chatbot that tracks spending and provides personalized financial advice.
- Implemented user input validation, local data persistence, and an adaptive UI for desktop and mobile.
- Focused on simple, intuitive workflows to help users set and achieve short-term financial goals.
- **Tech:** HTML, CSS, JavaScript, React.js

TRAINING

Lovely Professional University Jul' 2025

Summer Training - Logic Building, Programming, and Data Structures

- Strengthened programming fundamentals through hands-on problem-solving in C/C++ and data structures.
- Implemented and optimized core data structures; improved debugging and algorithmic thinking.
- Java, OOP Concepts, Data Structures & Algorithms.

CERTIFICATES

Introduction to Hardware and Operating Systems | *Coursera* Sep' 2024

The Bits and Bytes of Computer Networking | *Coursera* Sep' 2024

ChatGPT-4 Prompt Engineering | *Infosys Springboard* Aug' 2025

Build Generative AI Apps and Solutions with No-Code Tools | *Infosys Springboard* Aug' 2025
